

Fort McCoy WAKE UP CALL

Bedrooms can hide the signs of Drug and Alcohol use.

WAKE UP CALL is a life-size exhibit of a bedroom with more than 20 “red flags” that can signal drug or alcohol use. The bedroom identifies spots where anyone may hide drugs. Household items can be used as drug paraphernalia and ways to cover up drug and alcohol use. Our goal is to educate parents and other adults who are influential in the lives of others, so they know what seemingly innocent items can be an indicator of substance abuse.

This is an educational opportunity for adults only and youth will NOT be allowed to view the presentation.
